

Delight Chromebook™ customers with the ease of cloud-based classroom management

From the inventors of classroom management software, LanSchool Air was designed by educators for the Google Classroom™.

Why LanSchool Air

Setup has never been so simple! Google Classroom™ integration allows courses and students to sync from the moment a teacher logs in so they can focus on:

MINIMIZING
digital distractions

INCREASING
classroom focus

MONITORING
student progress

SIMPLIFYING classroom
orchestration through the easy
to use, intuitive interface
